Doug Tallamy is the T. A. Baker Professor of Agriculture in the Department of Entomology and Wildlife Ecology at the University of Delaware, where he has authored 112 research publications and has taught insect related courses for 43 years. Chief among his research goals is to better understand the many ways insects interact with plants and how such interactions determine the diversity of animal communities. His books include [Bringing Nature Home](#), [The Living Landscape](#), co-authored with Rick Darke, [Nature's Best Hope](#), a New York Times Best Seller, [The Nature of Oaks](#), winner of the [American Horticultural Society's 2022 book award](#). In 2021, he cofounded Homegrown National Park with Michelle Alfandari (HomegrownNationalPark.org). His awards include recognition from The Garden Writer's Association, Audubon, The National Wildlife Federation, Allegheny College, Ecoforesters, The Garden Club of America, The Herb Society, and The American Horticultural Association.
